Priory Santa Maria del Vilar (A)

Nestled in the heart of Albères, priory Santa Maria del Vilar crosses the ages. Founded in 1083, monks transformed the building from the Carolingian era into a hospitable pilgrim for Compostela and added a church. In 1802, the place changes completely function since it is sold to a farmer who transforms the church into a stable. Abandoned in 1942, it disappears gradually under the vegetation but has now been restored and hosts opera concerts.
