This route features a bit of elevation gain, shaded forest trails, a wide, safe downhill track, and a beautiful stretch along the hillside offering continuous views of the coastline.

The elevation gain (330m) is mostly tackled in the first third of the race, allowing you to gradually descend back toward Valmy.
Whether you're looking for a small challenge or a friendly race with friends, this format is ideal for getting started.

In short, it's a course "within reach of your shoes," suitable for those chasing performance or simply seeking pure enjoyment.

On your path...

Château de Valmy (A)

An amazing space leaning against the Albères, embracing the vineyards and the Mediterranean: welcome to the Château de Valmy. Art Nouveau style, it is the work of the Danish architect Viggo Petersen. It is Pierre Bardou, a Peruvian industrialist creator of the brand JOB, who controls this castle for his daughter Jeanne from 1888 to 1900. His descendants are still owners of the castle. They relaunched the wine business and created guest rooms at the Château. Go check it out !
