Château de Valmy (A)

An amazing space leaning against the Albères, embracing the vineyards and the Mediterranean: welcome to the Château de Valmy. Art Nouveau style, it is the work of the Danish architect Viggo Petersen. It is Pierre Bardou, a Peruvian industrialist creator of the brand JOB, who controls this castle for his daughter Jeanne from 1888 to 1900. His descendants are still owners of the castle. They relaunched the wine business and created guest rooms at the Château. Go check it out !
