

# [Connection] Ortaffa-Elne

Illibéris - ORTAFFA

Cathédrale d'Elne (OTI Pyrénées-Méditerranée)

*The link between two villages is made on a small country road with little traffic and many trees. The route follows a small stream.*

This very short route will allow you to discover Elne's rich heritage, including the cathedral, the cloister, the Terrus museum, some Roman remains and the old town gates during your stroll through the historic centre. In Ortaffa, it's the unusual bell tower that will catch your eye.
