Advices

Before setting off on a trail, consult the weather conditions as well as the conditions of access to the massif during the fire vigilance period. Respect the work of farmers, operators and owners. Close the fences, do not cut the routes across fields. Return all your waste to the voluntary collection points at the start of your hike. Trail courses are also very suitable for hiking.

Environmental sensitive areas

Along your trek, you will go through sensitive areas related to the presence of a specific species or environment. In these areas, an appropriate behaviour allows to contribute to their preservation. For detailed information, specific forms are accessible for each area.

On your path...

Dolmen dels Collets de Cotlliure (A)

Find this dolmen on the path that connects the Château de Valmy to the Tour de la Massane. The path will lead you first to the Dolmen de la Cova de l'Alarb, then you will arrive directly at the Dolmen del Collets area. Open your eyes and look around. The dolmen is there but in poor condition.
